Benefits

If the person insured is totally disabled and the total disability does not result from or is not directly or indirectly related to a pre-existing condition, the Insurer will pay, while the person insured is totally disabled the eligible monthly benefit shown in the Schedule of Benefits, subject to the waiting period, the maximum benefit period, and the limitations and exclusions of this policy.

The first one thousand and two hundred dollars (\$1,200) of monthly disability benefits payable under all HUMANIA ASSURANCE – INSURANCE WITHOUT MEDICAL EXAM disability income policies in respect of a person insured is not integrated or coordinated.

The total amount of monthly indemnities payable by the Insurer for all disability policies or for all debt policies with HUMANIA ASSURANCE – INSURANCE WITHOUT MEDICAL EXAM, on the life of an Insured may not exceed two thousand five hundred dollars (\$2,500). In the event that the amount of coverage held in respect of a single person insured is greater than two thousand five hundred dollars (\$2,500), the Insurer will pay a total monthly benefit of two thousand five hundred dollars (\$2,500) and will refund any premiums paid in respect of any benefits in excess of that amount.

Maximum payable benefits

The total amount of disability income benefits payable by the Insurer under this policy cannot be greater than twenty-four (24) times the benefit amount shown in the Schedule of Benefits. This policy terminates when this maximum is reached.

Exclusions

No benefit for total disability will be payable if the total disability results from or is directly or indirectly related to a pre-existing condition and the person insured becomes totally disabled during the (12 or 24 months, as per Person Insured's rating) period following the effective date of this coverage.

- attempted suicide or intentionally self-inflicted injury or dismemberment whether the person insured is sane or insane;

General Provisions

The definitions, limitations and exclusions of this coverage apply in addition to those indicated in the General Provisions of this policy. The General Provisions of the policy govern this rider when they are relevant and compatible with its terms.

Part C

General Provisions

Effective Date

This policy takes effect on the date the Insurer approves the application, provided the application is approved without change, the first premium has been paid, and no change has occurred in the person insured's insurability since signing the application.

Disability Benefits

When the person insured suffers a disability covered under this policy, the Insurer will pay the monthly eligible benefit. Payments begin when the waiting period has elapsed, subject to the limitations, exclusions and General Provisions of this policy and its coverages.

Onset of Disability: For the purposes of this policy, a disability begins on the date of the first medical consultation with a physician related to the disability and following the onset of that disability.

Disability Adjustment: Where necessary, the monthly benefit payable will be adjusted to a daily rate based on one thirtieth (1/30) of the monthly benefit for each day of disability.

Integration: When the disability benefits payable under this policy are subject to integration or become subject to integration, the monthly benefit payable is reduced by any sum or amount that the person insured receives under government plans.

Where lump-sum or retroactive payments are made to the person insured under government plans, the person insured must reimburse the Insurer any amounts that would not have been payable by the Insurer on account of the integration.

Coordination: Disability benefits can be coordinated when you have more than one disability insurance contract. When disability benefits payable under this policy become coordinated, the monthly benefit payable is reduced so that the sum of the disability benefits payable, under this policy and under any other disability income insurance program, does not exceed one hundred percent (100%) of the person insured's average monthly earned income.

Recurrent Disability: All recurrent disabilities attributable to a same or related cause are considered to be the continuation of a single and same disability, accordingly, the waiting period does not begin to elapse anew.

If a person insured was disabled and then was subsequently able to perform full-time employment, or was able to perform his or her main occupational duties for a period of at least six (6) consecutive months, and then becomes disabled again, this most recent disability will be considered a new disability, notwithstanding that it may be attributable to a same or related cause as the disability that preceded the new disability. In the case of a new disability, the waiting period indicated in the Schedule of Benefits will apply again.

Rehabilitation: When the person insured receives a disability benefit under this policy, the Insurer will pay the cost of services related to a rehabilitation program, provided such services are not already covered by another program or service and that the Insurer approves the program in writing prior to the person insured's participation therein.

Multiple Causes of Disability: If another accident or sickness or both occur during the benefit period, no benefit will be payable under this policy for such other accident or sickness or both.

If, at the end of the maximum benefit period, the total disability continues and the person insured has not recovered from his or her first disability and another accident or sickness or both occur, no benefit will be payable under this policy for that other accident or sickness or both.

Organ Donation: No benefit is payable for disability resulting from organ donation, except when the donation is made after the coverage giving rise to a benefit has been in force for at least six (6) months.

Restrictions

If the person insured refuses any treatment or medication deemed necessary for his or her health, the Insurer may interrupt the payment of monthly benefit.

Disability benefits are determined based on the person insured's eligible monthly benefit amount at the onset of the disability, up to the maximum sum insured indicated in the Schedule of Benefits. The owner should regularly check to ensure that the amount of coverage continues to meet his or her needs.

If the benefit amount paid by the Insurer is less than the person insured benefit, the Insurer will not reimburse the excess premium.

No interest is paid for any disability benefit payable under this policy, except where required by law.

In the event of a retroactive payment or a lump-sum payment to the person insured under a government plan, the person insured must reimburse the Insurer any amounts that would not have been payable by the Insurer on account of the integration of benefit.

If the person insured fails or refuses to exercise it or her rights under government plans, the Insurer will assess the amount of benefits to which the person insured would have been entitled and reserves the right to reduce the monthly benefit payable to the person insured.

Waiver of Premium

After three (3) months of continuous disability, the Insurer will waive the subsequent premiums for as long as the person insured is eligible to receive total disability benefits.

Premiums

At the beginning of every new (10 or 20 year as per Owner's application) period that follows the effective date stipulated in the Schedule of Benefits, the premium will be increased and based on the person insured's initial risk class, his or her attained age, and the rates in use at that date.

ADJUSTMENTS TO REFLECT EXPERIENCE

Unless specifically stated otherwise in the coverage, the Insurer may adjust the premium's coverage based on experience if not as expected.

Method of Payment

The premium is payable monthly by pre-authorized debit or yearly, at the choice of the owner. Where a cheque or other bill of exchange or a promissory note or other written promise to pay is given for the whole or part of a premium and payment is not made according to its tenor, the premium or part thereof shall be deemed never to have been paid.

Provided the person insured is not disabled, the owner may change the method of payment by giving the Insurer an advance written notice.

Grace Period

A grace period of thirty (30) days is granted for payment of each premium except the first. If a premium other than the first remains unpaid after the grace period, the policy will no longer be in effect and will lapse without value. If the Insurer does not receive the first premium when due, this policy will be treated as if it had never been issued.

The Insurer will deduct outstanding premiums from any amount payable by the Insurer.

Age

For the purposes of this policy, the person insured's age is his or her attained age at the birthday preceding or coincident with the issuance of coverage. If, mistakenly or otherwise, the age used to calculate the premium is incorrect, any amount payable by the Insurer at the time of a claim will be adjusted to reflect the correct age at the date on which the person insured became insured.

Non-Participating Policy

This policy is non-participating and does not confer any right to participate in the profits of the Insurer.

Disclosure

The person insured, the owner and the beneficiary are required to cooperate fully with the Insurer and shall disclose to the Insurer in the application, during a medical examination, if any, and in any written statements or answers furnished as evidence of insurability, every fact within the person's knowledge that is material to the insurance and is not so disclosed by the other. The person insured, the owner and the beneficiary shall also sign any form or other document allowing the Insurer to obtain any information it deems relevant.

Subject to the provisions of this policy dealing with incontestability and age, where one or more of the person insured, the owner, and the beneficiary fails to disclose such a material fact or misrepresents such a material fact, the contract is voidable by the Insurer.

Incontestability

Where coverage has been in effect continuously for two (2) years with respect to a person insured, failure to disclose or misrepresentation of a fact with respect to that person does not, except in case of fraud, render the coverage voidable.

However, this rule does not apply if the disability began before the coverage has been in effect for two (2) years with respect to the person for whom the claim is made.

Termination of Policy and Coverages

Unless stipulated otherwise in a given coverage, this policy and its coverages terminate at the earliest of the following dates:

- the date on which the Insurer receives a written request from the owner to cancel this policy;
- the date on which the grace period for any premium payment expires;
- the date on which the person insured becomes, within (12 or 24 months, as per Person Insured's rating) after the effective date, totally disabled resulting from or directly or indirectly related to a pre-existing condition;
- the date on which the maximum payable benefits of twenty-four (24) times the benefit amount shown in the Schedule of Benefits is paid;

- the policy anniversary date on which the person insured has reached the insurance age of sixty-five (65);
- the date the person insured ceases to be a Canadian resident; and
- the date on which the person insured dies.

Change of Beneficiary

Subject to legislation governing this policy, the owner may at any time designate, change or revoke a beneficiary. For a change of beneficiary to be recognized, the Insurer must receive written notice of that change by registered mail. The Insurer bears no responsibility with respect to the validity of a beneficiary designation or any change of beneficiary.

Payment under this Policy

Benefits are payable to the person insured unless notification to the contrary is submitted in writing to the Insurer.

Reimbursement

No cheque in reimbursement of premiums will be issued for amounts of less than twenty dollars (\$20).

Legal currency

Any payment under the provisions of this policy will be made in the lawful currency of Canada.

Right to Cancel

The owner may have this policy cancelled within fifteen (15) days of the date of its receipt or within sixty (60) days after the date on which the policy is issued. A written cancellation request must be received by the insurer within this time period. Any premiums paid for the policy will then be refunded.

Compliance with the Law

Any provision of this policy, on the effective date, that does not comply with applicable legislation in the province or territory in which this policy is issued is amended so as to meet the minimum requirements of that legislation.

General Provisions

The exclusions, limitations and General Provisions apply to this policy as well as to all coverages when they are relevant.

Certain coverages contain exclusions and limitations specific to those coverages. The exclusions and limitations apply in addition to the exclusions and limitations of the General Provisions.
